

Staff Week - Communicating in English for Research

Brest — 25-27 June 2024

General information

Staff Week Title	Communicating in English for Research
Abstract: (a few lines describing the staff week that SEA-EU partners can use for dissemination)	Most researchers are able to write about their research, using various online resources and services offered by our universities. When it comes to speaking in public, however, stress and lack of practise sometimes make it difficult to communicate efficiently. Socializing around events and small talk can also be challenging since they are remote from researchers' field of expertise. This staff week aims to overcome the difficulties most commonly experienced in research.
Application deadline	1st April 2024
Dates of the staff week	25-27 June 2024
Number of participants	The number of participants is 24. Each SEA-EU university can propose up to 3 participants .
